CLERK: Mr. President, . . . Senator Barnett asked unanimous consent to unbracket 23 on Select File, not to consider but just to unbracket it.

SENATOR SAVAGE: Do I hear any objections? Senator Barnett.

SENATOR BARNETT: Mr. President, I'd like to consider it too. I think it's only going to take about three or four minutes for this thing to get on its way. I think it's been held up. I'd appreciated that while I was in San Diego. I think at the time we ought to take it up and get it on its way. It's a pretty important piece of legislation. I would ask unanimous consent, beings it is not 11 o'clock, and if the Speaker is here, it says that they'd go to General File I believe at 11 o'clock. Is that right, or do I misread?

SENATOR SAVAGE: That's correct, yes.

SENATOR BARNETT: So we do have about 15 or 20 minutes, if . . .

CLERK: We leave General File at 11 o'clock.

SENATOR SAVAGE: We leave General File at 11 o'clock..

SENATOR BARNETT: OK, then we'd come back to this Select File at 11 o'clock. Is that the idea?

SENATOR SAVAGE: We can, yes.

SENATOR BARNETT: I'd like to do that. I'd like to get this bill on its way, if I could.

SENATOR SAVAGE: Well do you want it unbracketed at this time by unanimous consent? We can do that.

SENATOR BARNETT: If I can do that, I'd ask for that.

SENATOR SAVAGE: Do I hear any objections? The bill is unbracketed.

CLERK: Mr. President, then there's a request by Senator Kennedy to unbracket LB 371.

SENATOR SAVAGE: Motion by Senator Kennedy to unbracket 3 . . .

CLERK: 71.

SENATOR SAVAGE: 371. Do I hear any objections? Senator Cavanaugh.

SENATOR CAVANAUGH: Is Senator Kennedy here? Well I'll have to object in the absence of an acceptable amendment to that bill.

SENATOR SAVAGE: Do you want to wait until Senator Kennedy returns to the . . . Your objection has been recognized Senator Cavanaugh.
